

# WE ARE HIRING SKILLED BLACKSMITHS, WELDERS & PANEL BUILDERS

Join JENSEN Denmark A/S – and build your future on the beautiful island of Bornholm.

At JENSEN, you will join a global market leader in industrial laundry technology – and a workplace where quality craftsmanship, teamwork and personal development truly matter.

Whether your expertise is welding, metal fabrication or electrical panel assembly, there is room for you to grow with us.

## **What we offer:**

- Attractive hourly pay
- Flexible working-hours scheme ("flexordning")
- A friendly, international work environment with great colleagues
- Modern facilities and a strong focus on quality
- A wide variety of tasks suited for both experienced specialists and ambitious professionals looking to expand their skills

## **Who we are looking for?**

We are seeking candidates across several technical areas:

Skilled Blacksmiths (Faglærte Smede)

You have a vocational background in metalwork and experience with:

- MAG welding (135) – mainly *kantsøm*, with pre-prepared components (no cutting, bending or fitting)
- Experience with MIG, MAG and TIG is an advantage
- A strong focus on quality and precision
- A positive, reliable and collaborative mindset

TIG & MAG Welders

We work with a wide range of welding tasks – mostly fillet welds (*kantsømme*) on components that are fully prepared in advance.

MAG Welding (135)

- Primarily fillet welds
- No preparation or fitting required

TIG Welding (141)

- Stainless steel pipe welding and black steel pipe welding
- Welding of stainless steel components (mainly fillet welds)

Relevant TIG certificates include:

- 141 T BW 8.1 FM5 S s2 D21.3 H-L045 ss gb
- 141 T BW 8.1 FM5 S s1 D12 H-L045 ss gb
- 141 T BW 8.1 FM5 S s2 D50 H-L045 ss gb
- 141 T BW 5.1 FM3 S s5.6 D48.3 H-L045 ss nb
- 141 T BW 5.1 FM3 S s2 D21.3 H-L045 ss nb

*(If your certificates differ slightly, you are still welcome to apply — we value strong skills as much as formal qualifications.)*

Panel Builders (Unskilled) – Electrical Assembly

We are looking for four unskilled panel builders to help produce electrical panels for the laundry industry.

Full training will be provided.

Qualifications

- Ability to read and understand electrical diagrams
- Practical experience with tools and a good general understanding of how to use them
- A positive attitude toward learning and developing new skills
- Ability to work both independently and as part of a team
- Willingness to learn new methods and follow established production processes

This role is ideal for candidates with good hands-on skills who are motivated to grow into a technical position.

## **Join us**

If you are motivated, quality-driven and ready to join a strong international company on an island with a great quality of life — we would love to hear from you.

If you have any questions, please contact our Producton Manager Carlos da Silva:
