

Kickstart your career at JENSEN Denmark A/S as IT apprentice!

Are you curious about IT – and do you dream of a future where you're both challenged while developing both professionally and personally?

JENSEN Denmark A/S is looking for apprentices. We are seeking apprentices for the IT field, and you can read more about the program here: [Data- og kommunikationsuddannelsen | UddannelsesGuiden](#)

Who Are We?

We are pioneers in manufacturing machines for industrial laundries. We have four factories in Rønne and Hasle. JENSEN Denmark A/S is part of the JENSEN-GROUP.

As an IT apprentice, you will become an important part of our team, working daily with operations, security, and support for the entire JENSEN-GROUP. Your workday will be filled with exciting tasks, and you'll contribute to driving our digital journey forward.

What You'll Get from Us

- Opportunity to learn from skilled colleagues and become strong in your field
- Access to the latest gadgets and technologies
- Projects that matter – both locally and internationally
- Boost your personal and professional development with a solid and diverse education
- Salary during your education (with an apprenticeship agreement)

Are You the One We're Looking For?

- You're curious and eager to learn new things
- You thrive in a team but can also take responsibility on your own
- You work in a structured manner and enjoy helping others with their IT challenges
- We imagine you've completed grundforløb 1 and are in the process of or have completed grundforløb 2

You don't need to be an expert – we'll make sure to train you well. The most important thing is your motivation and willingness to learn.

Ready to Apply?

Send your application as soon as possible and no later than October 31, 2025. Interviews are held on an ongoing basis. Apply right here or send your application via [Lærepladsen](#)

For questions about the position, feel free to contact: Steffen Herlevsen at +45 78 75 63 99. You can learn more on our website www.jensen-group.com or on our YouTube channel [jensengroupcom](#).
